CREATIVE EXPERIENCES

Picasso Challenge
Your group will be greeted by our resident artistic facilitator and learn some basic art skills. After initial creative exercises, the group is divided into teams and they must come up with a concept that best represents the theme of the event or activity. Following this, team members dress in coveralls and put paint to canvas and the event is finished with an exhibition. Picasso Challenge is a lot of fun, promotes creative thinking and provides some great insights.

Create your own commercial
Create your own commercial is a fun half or full day activity. Teams must come up with a concept, storyboard their idea and identify who is doing which role. The theme of the commercial/film is flexible and best when aligned to each particular business/conference. Editing is generally completed post event unless part of the Film Fest program. Create your own commercial is a lot of fun, creative and challenging.

The Big Picture
The Big Picture is an art based event that helps you to reinforce a particular message to your team. The group will be divided up into small teams, and be provided with a theme for their artworks PLUS a strange shape that they must include on their canvas. The teams then get creative painting their best representation of the theme in a 1.5-hour time frame. Once the paintings are all completed, the canvases are put together in a specific order to reveal a ‘Bigger Picture’ message to the group. This is a fun creative team building event for medium to large groups and you have creative artworks to hang in the office as a reminder!

CHARITABLE EXPERIENCES / EVENTS

Bike Brigade
Bike Brigade is an amazing charitable activity that includes team challenges and results in bikes being built from flat packs and donated to a charity. As the activity progresses, teams gather more bike items and at the end of the session the teams build the bikes together. Bike Brigade is not only fun but it also offers a fantastic opportunity for companies to give back to the community.

Helping Hands
Helping Hands is a unique, philanthropic team building activity for corporate groups, that not only offers a fun activity, but also donates to a worthwhile cause. More than just a team building activity, participants build prosthetic hands that are then donated to amputee landmine victims throughout the developing world.
